Chapter 1 by Nini Reyes

I woke up looking around. I saw a checklist with the name Jonas Calem. That is my name! It says that I have amnesia. How do I have amnesia? I never did anything to get it. This is ludicrous. I don't understand.

"Jonas, it is time for your medication". I was so confused. "What medication"? Maybe I do have amnesia. Wait then how do remember my sisters and parents? "Your medication for your amnesia". Why is he saying this? " I Don't Have Amnesia Doctor James!!! " Calm down Mr. Calem." Are You Serious? " NO! I Will Not Calm Down Until You Tell Me Why I Am Here"!!!

Apparently I was tied up. Probably they thought I would do something crazy if I wasn't tied. I just don't understand why the doctors think I have amnesia.

Where is my mom and my sisters? I struggled while I was tied up the whole time. They were performing surgery on my leg and kept me awake during the procedure. They had to put me to sleep when they said that something was wrong in my leg. That's when I freaked out.

"Nurse there is something wrong in Mr. Jonas leg" I yelled as loud as I could "WHAT IS WRONG WITH MY LEG NURSE?" They said nothing after I yelled, but they said everything will get taken care of Mr. Jonas.

When they put me to sleep I did have amnesia, but my memory came back right when I closed my eyes. My doctor said I was in a hospital while I was given my medication, but I was in a asylum in New York. They lied, it is time for me to leave and find my family in New Jersey, I have to make a plan to leave first.

" Uh oh". There was another man that looked like he wanted to leave to, but there was barbed wire surrounding us. He came up to me and asked " what are you doing here"? I told him I am trying to leave. then he said " you can hang out with me anytime dude, okay"? I said okay.

I think I made my first friend in an asylum.
